The BLLD Announcement Bulletin lists British report literature and translations produced by British government organisations, industry, universities and learned institutions, as well as some doctoral theses accepted at British universities during and after 1970. All items listed are held by the British Library Lending Division. It is hoped that the Bulletin will promote the wider use of British reports, translations and doctoral theses which are not normally published.

The Bulletin is available on annual subscription, for 1979 the price is £10.00 including postage.

The Lending Division is anxious to secure the co-operation of all users of this Bulletin in making these documents available to it and would be grateful for any information they could supply which might facilitate the location of sources of reports, and translations in particular. Correspondence should be addressed to the Reports Officer at the Lending Division.

HOW TO OBTAIN DOCUMENTS LISTED IN THE BLLD ANNOUNCEMENT BULLETIN

The procedure for obtaining publications from the Lending Division is summarised inside the front cover.

When any of the items listed in the Bulletin are requested from the Lending Division it is essential that the reference numbers or words indicated by an asterisk to their left be quoted. It is desirable that the author and title be also quoted, and in the case of translations the original journal reference, -but the reference numbers or words are essential information for locating the publication.

The information about each item is arranged as follows:

Code for type of document (R = Report, D = Doctoral Theses, T = Translation and TA = Translation, Abridged)

Title

Author

★ Reference number of words

Name of originating organisation (if this is not shown, document usually available only from BLLD)

Date of issue

No. of pages

Originator's price (if applicable)

The address of issuing organisations with some general information about the availability of copies of their publications are listed at the end of this Bulletin.

The BLLD Announcement Bulletin lists British report literature and translations produced by British government organisations, industry, universities and learned institutions, as well as some doctoral theses accepted at British universities during and after 1970. All items listed are held by the British Library Lending Division. It is hoped that the Bulletin will promote the wider use of British reports, translations and doctoral theses which are not normally published.

The Bulletin is available on annual subscription, for 1979 the price is £10.00 including postage.

The Lending Division is anxious to secure the co-operation of all users of this Bulletin in making these documents available to it and would be grateful for any information they could supply which might facilitate the location of sources of reports, and translations in particular. Correspondence should be addressed to the Reports Officer at the Lending Division.

HOW TO OBTAIN DOCUMENTS LISTED IN THE BLLD ANNOUNCEMENT BULLETIN

The procedure for obtaining publications from the Lending Division is summarised inside the front cover.

When any of the items listed in the Bulletin are requested from the Lending Division it is essential that the reference numbers or words indicated by an asterisk to their left be quoted. It is desirable that the author and title be also quoted, and in the case of translations the original journal reference, -but the reference numbers or words are essential information for locating the publication.

The information about each item is arranged as follows:

Code for type of document (R = Report D = Doctoral Theses, T = Translation and TA = Translation, Abridged)

Title

Author

★ Reference number or words

Name of originating organisation (if this is not shown, document usually available only from BLLD)

Date of issue

No. of pages

Originator's price (if applicable)

The address of issuing organisations with some general information about the availability of copies of their publications are listed at the end of this Bulletin.

The BLLD Announcement Bulletin lists British report literature and translations produced by British government organisations, industry, universities and learned institutions, as well as some doctoral theses accepted at British universities during and after 1970. All items listed are held by the British Library Lending Division. It is hoped that the Bulletin will promote the wider use of British reports, translations and doctoral theses which are not normally published.

The Bulletin is available on annual subscription, for 1979 the price is £10.00 including postage.

The Lending Division is anxious to secure the co-operation of all users of this Bulletin in making these documents available to it and would be grateful for any information they could supply which might facilitate the location of sources of reports, and translations in particular. Correspondence should be addressed to the Reports Officer at the Lending Division.

HOW TO OBTAIN DOCUMENTS LISTED IN THE BLLD ANNOUNCEMENT BULLETIN

The procedure for obtaining publications from the Lending Division is summarised inside the front cover.

When any of the items listed in the Bulletin are requested from the Lending Division it is essential that the reference numbers or words indicated by an asterisk to their left be quoted. It is desirable that the author and title be also quoted, and in the case of translations the original journal reference, -but the reference numbers or words are essential information for locating the publication.

The information about each item is arranged as follows:

Code for type of document (R = Report D = Doctoral Theses, T = Translation and TA = Translation, Abridged)

Title

Author

★ Reference number or words

Name of originating organisation (if this is not shown, document usually available only from BLLD)

Date of issue

No. of pages

Originator's price (if applicable)

The address of issuing organisations with some general information about the availability of copies of their publications are listed at the end of this Bulletin.

The BLLD Announcement Bulletin lists British report literature and translations produced by British government organisations, industry, universities and learned institutions, as well as some doctoral theses accepted at British universities during and after 1970. All items listed are held by the British Library Lending Division. It is hoped that the Bulletin will promote the wider use of British reports, translations and doctoral theses which are not normally published.

The Bulletin is available on annual subscription, for 1979 the price is £10.00 including postage.

The Lending Division is anxious to secure the co-operation of all users of this Bulletin in making these documents available to it and would be grateful for any information they could supply which might facilitate the location of sources of reports, and translations in particular. Correspondence should be addressed to the Reports Officer at the Lending Division.

HOW TO OBTAIN DOCUMENTS LISTED IN THE BLLD ANNOUNCEMENT BULLETIN

The procedure for obtaining publications from the Lending Division is summarised inside the front cover.

When any of the items listed in the Bulletin are requested from the Lending Division it is essential that the reference numbers or words indicated by an asterisk to their left be quoted. It is desirable that the author and title be also quoted, and in the case of translations the original journal reference, -but the reference numbers or words are essential information for locating the publication.

The information about each item is arranged as follows:

Code for type of document (R = Report D = Doctoral Theses, T = Translation and TA = Translation, Abridged)

Title

Author

★ Reference number or words

Name of originating organisation (if this is not shown, document usually available only from BLLD)

Date of issue

No. of pages

Originator's price (if applicable)

The address of issuing organisations with some general information about the availability of copies of their publications are listed at the end of this Bulletin.
